YOUTH DAY
2026
TOOLKIT

DO YOU WANT TO CELEBRATE INTERNATIONAL YOUTH DAY BUT ARE NOT SURE WHERE TO START?

This toolkit has been developed to help you join the global celebration of International Youth Day on 12 August and amplify the voices of young people living with spina bifida and hydrocephalus (SBH).

Established by the United Nations, International Youth Day is an opportunity to recognise the important role young people play in shaping more inclusive, equitable and sustainable societies. It also raises awareness of the challenges many young people continue to face and encourages action to ensure their voices are heard.

This year, the IF International Youth Group SBH is marking the day with a webinar exploring how inclusive education, skills development and employment can create pathways to successful and fulfilling futures for young people with disabilities. Whether you are an IF Member, partner organisation, healthcare professional, educator, policymaker, advocate or supporter, this toolkit provides resources to help you raise awareness, promote the webinar and engage your community. Together, we can champion the leadership, inclusion and rights of young people living with SBH.

Inclusive Pathways: Education & Employment for Youth

To mark International Youth Day 2026, the IF International Youth Group SBH invites you to join a global webinar exploring how inclusive education, skills development and employment opportunities can empower young people living with spina bifida and hydrocephalus to build successful and fulfilling futures.

Whether you are a young person, family member, healthcare professional, educator, policymaker or advocate, your perspective matters.

**Save the date and
register to join us!**

**When? 12 August 2026, 14:00 (CEST time)
Where? Online (Zoom)**
